

BUILD COMMUNITY

Have fun working together and developing team building skills outside of your day-to-day setting. Build new skills, your organization and your community all at the same time.

BE GOOD. DO RIGHT.

Experience having an impact and enjoy a sense of tangible community involvement. Feel a sense of pride in your contribution to a local and deserving family. We build homes, but we also provide stability, purpose and structure for the families who own them.

SHARE YOUR STORY

We don't like to brag, but Habitat's global brand is valued at \$3.1 billion and recognized alongside corporate staples such as FedEx. Align your organization with us and create an incredible story of inspiration and growth.

HABITAT FOR HUMANITY PRESENTS: ADOPT-A-DAY
